Friday 5 th June	 Fun task: Fantastic Families This term, our PSHE topic would be Family and Friends. Choose one of these two activities. Make a family tree to show your family. Use a large piece of paper or card and create a tree by drawing, painting or using natural materials. Add named drawings or photos of members of your family in layers to show the different generations. Create a booklet to tell us about the members of your family who live with you. Use a page for each family member and tell us all about them. 				
Extra tasks (if you've finished everything else!)	ICT: Try some coding with Espresso Coding (Unit 2a/2b for Year 2 and Unit 3a/3b for Year 3). French: Use Duolingo French to practise your French skills. Art: Take a camera out to the garden and see if you can take a photo of one object for each colour of the rainbow. Science: Have a go at making floating ghosts. PE: Set up an obstacle course in your garden and time yourself and members of your family to see how long it takes to complete it. Can you then beat your time?
